

# The Pipeline Revival Workshop

**\$2.37M collected · 2 calls a day · ~40% from dead deals · in the last 2.5 years**

---

**Quick heads up before you read on:** The first room is the founding room. Early-bird is \$67 (first 30 seats), then it's \$127. **Early-bird closes Wednesday, June 24.** — Aly

**I'm going to help you reopen your entire dead pipeline — live, in 90 minutes.**

**Here's the truth most people never add up: you don't have a lead problem. You have a follow-up problem.**

Every lead you stopped chasing is money you already paid for — the ads, the content, the calls, the hours — quietly walking out the door. Most people quit after two follow-ups. Most deals close after the fifth. That gap is your pipeline.

I've collected \$2.37M on two calls a day over the last 2.5 years — not by finding more leads, but by reopening the ones everyone else gave up on. Around 40% of that came from deals that were already "dead." They call me the Follow-Up King. I call myself a service person, not a salesperson.

**In this workshop, I'm going to hand you the exact system — and we'll build yours together, live.**

## **What we'll actually do (90 minutes, live)**

We build your Revival Sequence — the multi-touch set of messages that reopens dead leads and stalled deals across your whole pipeline. Not theory. We write yours in the room.

## **What you get**

- You bring your dead leads and stalled deals — we build the sequence together, live, on your real deals.
- You send your first revival message before you leave. You walk out having already reopened something.
- The 5-Message Revival Pack — the named templates that revive dead deals. Yours to keep and reuse forever.
- Your Lost Revenue Score — a personalized read on exactly how much your follow-up is leaking, and where.
- The "simple, not complex" close line — the one message that signed a six-week-dead deal in minutes.
- The bonus vault — the 30+ Swipe Vault, the "What to Send When" cheat sheet, the Objection-Crusher scripts, and the Pipeline Resurrection Tracker.
- BONUS — the 8-figure team training: the exact playbook from the live session I ran for an 8-figure company's sales team, with the CEO in the room, documented for you to keep.

→ Lifetime replay — can't make it live? You still get everything.

### Who this is for

- Coaches, consultants, course creators, closers, and business owners with a list or a pipeline and deals sitting dead.
- People who are great on the call and worse after it. (Most are. The money's in the after.)
- Anyone running a team whose closers leave deals on the table every week — bring them. The first room is the founding room.

### Who it's not for

- Brand-new folks with no leads or pipeline yet (there's nothing to revive).
- People looking for a magic line instead of a system they'll actually run.

### Pick your session

- **Wed June 24, 11AM ET**
- **Wed July 1, 11AM ET**
- Come to one, or both. Lifetime replay either way.

### My promise (so there's no version where you lose)

Deploy the messages we write together. If you don't get a single reply from a dead deal within 7 days, email me at [aly@alysamaha.com](mailto:aly@alysamaha.com) within 7 days — I'll refund you personally, and rewrite one more deal for you, free. Just email me to claim. No need to dispute anything.

### Quick facts

- Early-bird: \$67 (first 30 seats) → \$127 after. Early-bird ends Wednesday, June 24.
- 90 minutes, live. Lifetime replay. Reply-or-refund guarantee.
- One recovered client is worth \$5,000–\$20,000. This is \$67.

### The one step

**Save your seat** → <https://alysamaha.com>

Then watch for my note — I'll send your session registration and ask you the one dead deal you most want to revive, so we cover your situation in the room. — Aly

**P.S. If your CRM is full of "maybe later" deals you've quietly written off — that's not a dead pipeline. That's unclaimed revenue. Let's go get it. Wed June 24 or Wed July 1.**
